Double Patenting

The Examiner rejected claims 1-2, 4-5, 8, 12-21, 23-26 and 28-30 of the present application under the judicially created doctrine of obviousness type double patenting over claims 1 through 11 of U.S. Patent 5,689,031. Applicants have submitted herewith a Terminal Disclaimer, thus obviating this rejection.

Applicants believe that the claims are patentable and that this application is in condition for allowance, and such favorable action is respectfully requested. If any questions or issues remain, the resolution of which the Examiner feels would be advanced by a conference, he is invited to contact Applicants' attorney at the telephone number listed below.

Respectfully submitted,
